Door thickness: 1 mm - 20 mm

COLOUR RANGE

White 
Black 

The image shows a white, round combination locker lock. It features four black dials with white numbers (0-9) and a silver-colored keyhole at the bottom. Dashed lines connect various features to descriptive text blocks.

Low Maintenance Costs
No wires, batteries or user keys to manage.

Occupied indicator
Handle position shows if locker is occupied or available.

Master Key Override and Barrel Replacement
Get emergency access with the master key. If keys are lost the barrel can be replaced.

10,000 Unique Combinations
Users can select a 4-digit code with 10,000 possible combinations.
