

Cabinet range

FCS

Our custom steel sliding door cabinets pair functional storage with clean, modern design. Overlay doors create a seamless look, while optional colours and perforation patterns bring a refined, architectural finish.

STANDARD CONSTRUCTION

BODY Welded steel for strength

FINISH Oven-baked powdercoat finish & perforation pattern.

DOOR Sliding doors with 3 point key lock system.

POPULAR USES

Workplace

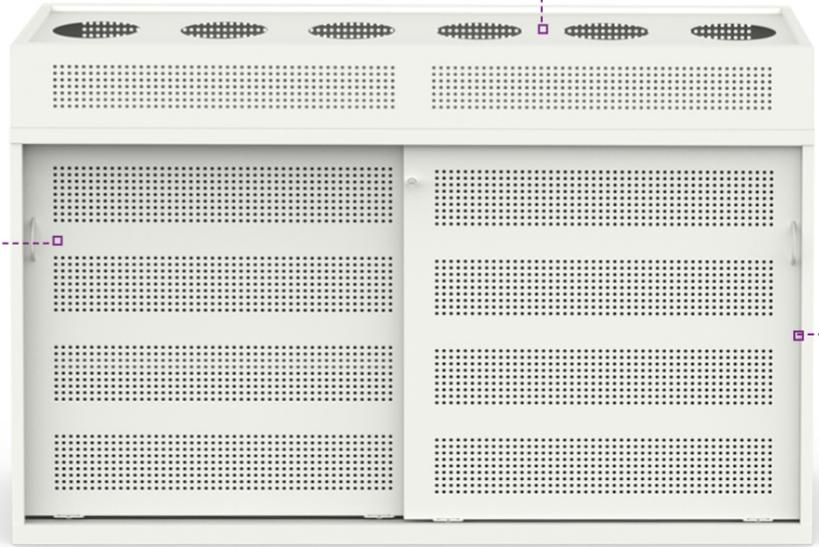

Education

Choose the colour and perforation pattern to complement your design.

Introduce biophilic design with an optional planter box—ideal for softening and dividing open-plan spaces.

Adjustable shelves with 80kg shelf load capacity (UDL)
