

## Tambour range

# FCT

Our custom steel tambour cabinets offer secure, space-saving storage with a clean, architectural finish. Smooth-sliding doors provide full-width access to adjustable shelves. Choose your ideal size and oven-baked powdercoat finish to suit your space.

### STANDARD CONSTRUCTION

**BODY** Welded steel for strength

**FINISH** Oven-baked powdercoat finish.

**DOOR** Fully retractable tambour door with 3 point key lock system.

### POPULAR USES

Workplace

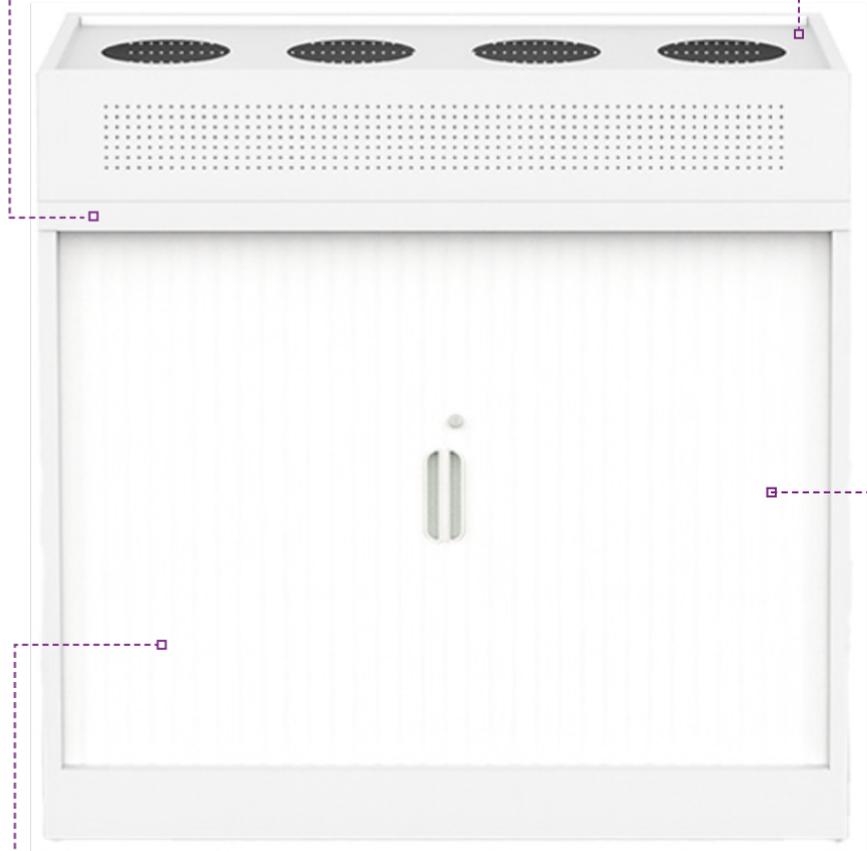

Education

Introduce biophilic design with an optional planter box—ideal for softening and dividing open-plan spaces.

Choose the colour that fits your design.

Fully retractable tambour doors with easy glide slide moulded tracking. Choose from white, translucent, charcoal or magnolia doors with full length magnetic catch for secure closing.

Adjustable shelves with 80kg shelf load capacity (UDL)
